

PBFA9X12-X Push Button Frame Adapter, 9" x 12"

Polara Enterprises' 9" x 12" Push Button Frame Adapter is designed to be attached to Polara's PBF5X7-X or PBF2(C)-5X7-X Push Button Frames, for mounting 9" x 12" crosswalk signs. These adapters can also be used on 2 wire and 3 wire APS Push Button Station. Their aluminum structure and powder coat finish provides a very strong and attractive mount for crosswalk signs. Hardware to mount to a Push Button Frame or APS is included.

To designate color, replace the "X" in the part number with:

- "B" for Black
- "G" for Green
- "Y" for Yellow

Material: Aluminum
